Re: Hosston Formation, Reservoir A
Cotton Valley Formation, Reservoir A
Clay Field, Lincoln Parish, Louisiana
Substitute unit well designations

Dear Commissioner Welsh:

Application is hereby made on behalf of **MATADOR PRODUCTION COMPANY** for the calling of public hearings, after ten (10) days legal notice, to consider evidence relative to the issuance of orders pertaining to the following matters:

1. To permit the applicant to drill, designate and utilize its James Moncrief et al 2 No. 1 Well as substitute unit well for the HOSS RA SUC, said well located as shown on the plat attached hereto, in exception to the spacing provisions of Office of Conservation Order No. 573-E, effective May 24, 1978.

2. To permit the applicant to drill, designate and utilize its James Moncrief et al 2 No. 1 Well as substitute unit well for the CV RA SUC, said well located as shown on the plat attached hereto, in exception to the spacing provisions of Office of Conservation Order No. 573-D, effective May 24, 1978.

3. To find that each of the proposed substitute unit wells are necessary to efficiently and economically drain a portion of its respective reservoir covered by the unit which cannot be so drained by any existing well within such unit.

4. Except to the extent contrary herewith, to continue in full force and effect the provisions of Office of Conservation Order No. 573-E, effective May 24, 1978, as amended and supplemented by the 573-E Series of Orders, and Office of Conservation Order No. 573-D, effective May 24, 1978, as amended and supplemented by the 573-D Series of Orders, the units created thereby, and applicable Statewide Orders, respectively.

5. To consider such other matters as may be pertinent.

The Hosston Formation, Reservoir A, in the Clay Field, Lincoln Parish, Louisiana, was fully defined in Office of Conservation Order No. 573-E, effective May 24, 1978.

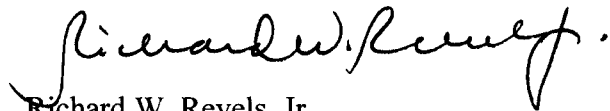

The Cotton Valley Formation, Reservoir A, in the Clay Field, Lincoln Parish, Louisiana, was fully defined in Office of Conservation Order No. 573-D, effective May 24, 1978.

Office of Conservation Order Nos. 573-E-10 and 573-D-4, effective March 6, 2007, authorized the applicant, Matador Production Company, to drill, designate and utilize its James Moncrief et al 2 No. 1 Well as substitute unit well for the HOSS RA SUC and CV RA SUC, respectively, at a location slightly west of the final location to be actually drilled. Because of this slight move, the applicant has had to refile to obtain approval for the revised location.

Attached hereto and made a part hereof are plats outlining the applicant's proposals and a list of the names and addresses of the Interested Owners, Represented Parties and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, the list of parties is being furnished ONLY to the Commissioner of Conservation and to the District Manager of the Shreveport District of the Office of Conservation; however, the list of parties will be provided to any party requesting a copy of it. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed is our check on behalf of the applicant in the amount of \$1,510.00 **made payable to the Office of Conservation** and representing the required hearing application fee.

Very truly yours,

Richard W. Revels, Jr.
